

# BLUE IRON SENTINEL

## FAST DEPLOYMENT

From vehicle to cameras online in a matter of minutes, the Sentinel 1000 is designed to be easy to deploy no matter what the engagement.

## ACCESS FROM ANYWHERE

Powered by Eagle Eye Networks, all video content is accessible from any online device, from anywhere in the world.

## BATTERY POWERED

The Sentinel 1000 comes equipped with a lithium ion battery that will provide power for up to 48 hours in the harshest of conditions. With the quick recharge function, a full recharge completes in approximately 3 hours.

Different environments call for different solutions. Power, connectivity and runtime all play a factor in how you keep your critical assets safe and secure. Whether it's people or property, you need the flexibility to deliver eyes on the scene in more places than ever before. Introducing the Sentinel 1000 – an innovative approach to making video surveillance easier than ever. With the flip of a switch, cameras are online in a matter of minutes, accessible from anywhere the internet connects you. With a number of options when it comes to data retention, you have the ability to view live content 24/7, with the added assurance that your data is securely stored for later viewing. With the latest advancements in mobile technology, the Sentinel 1000 is a game-changer when it comes to improving your field operations.

## General Specifications:

- Typical Operation time: 48 Hours
- Typical Charge Time: 3 hours
- Battery Specifications: 44.4 A/h at 25.6V
- Battery Charger 18 amp
- Mast Height: 15 Ft
- 3 Retractable Legs for Stabilization
- Ruggedized Wheels for Portability

## Dimensions and Weight:

- Operating Height: 174 in.
- Operating Presence: 80 In.
- Traveling Length: 21 in.
- Traveling Width: 21 in.
- Traveling Height: 73 in.
- Weight (approx.): 100 lbs

# BLUE IRON SENTINEL

Cameras online in minutes...

## ALWAYS ONLINE

Equipped with a redundant LTE data connection, the Sentinel 1000 is able to remain online virtually anywhere a data signal is present. Whether it's in the middle of a field or a crowded street, you stay connected.

## BUILT TO LAST

Engineered with the best-of-breed products, the Sentinel 1000 is built to last. With countless hours of field time in place, reliability is at its core.

## TURNKEY SOLUTIONS

Regardless of the power source, cameras or connectivity needed, the Sentinel 1000 is customizable to meet your specific needs. Once designed, we deliver a turnkey solution.
